

Coquillade Village

A property at the heart of a vineyard

A close-up photograph of a stone fountain. The fountain is made of light-colored, textured stone blocks. A dark, ornate iron spout with a curved, scroll-like design is attached to the stone. Water is flowing from the spout, creating a small waterfall effect. The background is a blurred green, suggesting foliage or a garden setting.

Let us discover Provence...

Between Marseille & Avignon

Situated on top of a hill at the heart of the Luberon Valley, Coquillade Village stands as a unique concept ; such of an authentic village of old fashioned Provencal charm whilst offering the modern and luxurious conveniences of today's era.
